Continuation Sheet (PTOL-303) 09/849,574

Continuation of 5. does NOT place the application in condition for allowance because: The arguments in the Remarks were not persuasive. This is because Bharatia teaches that the location of the mobile station, and hence identification, is relayed to the VLR (Col. 4, lines 28-39). This passage teaches the claimed identification, which was cited and not Col. 1., line 65 through Col. 2, line 6 as argued. This argued passage taught by Bijanki was used to add the claimed home zone etc. and to show that it is obvious to insert identification of the called mobile station, to Bharatia. Examiner believes that the combination of Bharatia with Bijanki was proper. Examiner respectfully invites Applicants to contact Examiner to discuss possible amendments for overcoming the prior art of record.
